

Struggling in Reading, Spelling, Writing or Math?

We Can Help!

Intensive Summer Tutoring

Our team of specialists teach struggling and dyslexic children and adults in reading, writing, grammar, spelling, fluency, comprehension, and math. Reading Success Plus utilizes the widely acclaimed Barton Reading & Spelling System®, an Orton-Gillingham multi-sensory, explicit, and systematic phonics program. If your student is missing the prereading skill of phonemic awareness (the ability to hear, identify or change sounds in spoken words), we start with the Lindamood® LiPs® or Foundation in Sounds™ program. Our highly specialized, multi-sensory Orton-Gillingham Math Program covers math facts, the vocabulary of math, word problems, time, money, fractions, percentages, decimals and more. We offer Writing and Grammar Instruction for elementary school through college on how to write a perfect sentence and paragraph, and the elements of informative/explanatory, argumentative and narrative writing.

Our intensive one-on-one summer tutoring is taught in-person or online Monday through Thursday (four days per week), one or two hours per day, for four or eight weeks (two sessions per week are also available). Program options include: reading and spelling; writing and grammar; or math. Students can select one subject for the one-hour program, or two subjects for the two-hour program. To reach the student's full potential, tutoring needs to be continued two days per week, year-round, until your student has attained the skills they need to be successful.

Change your student's future with our Intensive Summer Tutoring Program.

Enroll now. Space is Limited.

Comprehensive Placement Screening

A two-hour screening is conducted for all new students which includes:

- Parent/guardian interview
- Student interview
- Student assessments
- \$350 due at time of screening
